Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$1,500 individual/\$3,000 family network . \$5,000 individual/\$10,000 family out-of-network .	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible?	Yes. Office visits, preventive care services, diagnostic tests, imaging tests, emergency medical transportation , urgent care , outpatient mental health, outpatient substance abuse, rehabilitation services , habilitation services and prescription drug benefits are covered before you meet your network deductible . Copayments and coinsurance amounts don't count toward the network deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$0 individual/\$0 family network out-of-pocket limit . Up to a total maximum out-of-pocket of \$4,000 individual/\$8,000 family. \$10,000 individual/\$20,000 family out-of-network .	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.

Important Questions	Answers	Why This Matters:
What is not included in the out-of-pocket limit ?	Network : Premiums , balance-billed charges, and health care this plan doesn't cover do not apply to your total maximum out-of-pocket. Out-of-network : Copayments , deductibles , premiums , balance-billed charges, prescription drug expenses, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.myhighmark.com or call 1-800-457-4062 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) cost shown in this chart are after your overall [deductible](#) has been met, if a [deductible](#) applies.
