

CONSTRUCTION INSURANCE

CONTRACT BINDING OR BROKERAGE

Construction projects involve countless stakeholders, complex processes, and an array of risks. They also require comprehensive insurance coverage so your clients can focus on building instead of worrying about their liabilities. Our team can help you round out your clients' coverage gaps to ensure they are well protected across pollution and environmental mishaps, equipment failure, excess limits, and much more. Plus, we specialize in primary and excess placements, and can work with you in a contract binding or brokerage capacity.

PLACEMENT CAPABILITIES

- Course of construction
- Crime
- Contractor's equipment
- Discontinued products
- Errors & omissions
- Excess
- General liability / practice policy
- OCP
- Pollution

CASUALTY INSURANCE

WHOLESALE INSURANCE \ REIMAGINED

**Tired of the same old boring insurance? Us too.
That's why we created Novatae.**

Novatae is a modern wholesale insurance distributor offering innovative solutions from responsive brokers, underwriters, and program managers who are passionate about helping you and your clients.

Our seasoned industry specialists have extensive market partnerships, and we offer binding authority and brokerage on many of our practice lines.

Our expertise spans dozens of industries and a wide range of products and programs including casualty, property, workers' compensation, cyber, environmental, garage, construction, entertainment, management and professional liability, inland and ocean marine, and more.

Whether you have a hard-to-place risk, or your client needs a customized program, we will identify your client's unique exposures and navigate these complex markets to secure the best coverage and price for them.

As a leading wholesale insurance brokerage, we are on a mission to energize the industry and have fun while doing it.

Markets, expertise, and fun—now you can offer your clients more!

Our team is ready to quickly provide you with a quote. Let us help you with your clients' complex risk management challenges.
