

# CYBER INSURANCE

## NAVIGATING A COMPLEX MARKET

Cybercrimes are at an all-time high and affect countless industries. And recovering from a data breach, ransomware attack, phishing scam, or other cyber threat can be expensive and time consuming. We can help customize a cyber insurance plan for your client that will cover expenses for recovering compromised data, attorney fees, forensics costs, regulatory compliance, and media communications. Our specialists can explain the coverage nuances in more detail so you can help your clients protect themselves.
